Riverview Regional Medical Center's mission is simple: Making Communities Healthier®. By creating places where people choose to come for healthcare, physicians want to practice and employees want to work, we are providing quality care close to home and investing in our region's overall well-being. Your support allows us to continue to enhance the many ways we serve and care for Smith and surrounding counties today and for generations to come. Thank you.

In 2019, we...

...added 21 affiliated providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high quality care. This year, we added providers in heart care, teleradiology, emergency medicine, neurology and teleneurology.

...made more than \$400,000 in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year, we invested in upgrades to our behavioral health unit, Vapotherm for respiratory care and a mobile x-ray system.

...distributed a payroll of \$11,352,415 to approximately 181 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

...donated more than \$7.5 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.
